Good morning! It's Jason from 752 and I'm here this Thoughtful Thursday on behalf of the S.E.A.L Team.

Did you know that today is National Trivia Day? It's a fantastic opportunity for all of us to celebrate the world of fun facts and interesting information.

To get you inspired, here's a great quote by the legendary Albert Einstein: "The important thing is not to stop questioning. Curiosity has its own reason for existence."

Today is a chance for all of us to bond over interesting facts and have a great time while learning. So, gather your family and friends, put on your thinking caps, dive into the world of trivia together!

Remember, learning doesn't always have to happen in the classroom, and today is a perfect example of that.

Thanks for listening and have a Trivial Pursuit Thursday 😊

Affirmation of the Day: I will be openminded.
